COMPANY OVERVIEW

Huntley McClung Holdings LLC is an **SBA-certified EDWOSB** providing data science, machine learning, and advanced data architecture solutions to the federal sector. Led by a former **IBM Senior Consultant** with a proven track record of delivery inside **CMS and USPS** federal environments, the firm provides technical leadership and immediate capacity to support **Q4 FY2026** data modernization and program integrity initiatives — with demonstrated delivery across civilian agency data environments and the capacity to rapidly onboard into new mission contexts.

CORE COMPETENCIES

- **Program Integrity & FWA Analytics:** Rule-based, anomaly, and predictive detection system design and deployment
- **Data Science & Machine Learning:** End-to-end ML pipeline architecture, model training, and production deployment
- **Data Engineering & ETL Pipelines:** Source-to-target mapping, data ingestion, database normalization, and legacy system migration
- **Custom Software & Native Application Engineering:** Full-stack development, iOS/mobile, and secure federal systems architecture
- **Reporting Automation & Business Intelligence:** Executive dashboard design, automated reporting frameworks, and analytics visualization

TECHNICAL LEADERSHIP & FEDERAL PAST PERFORMANCE

Executive leadership brings 8+ years of specialized federal IT delivery via IBM. Prior agency engagements reflect direct mission support under prime contract structure.

CENTERS FOR MEDICARE & MEDICAID SERVICES (CMS) Fraud Prevention System (FPS)

- Engineered **rule-based, anomaly, and predictive ML models** in SAS and SPSS Modeler to monitor Medicare claims integrity, protecting **millions in taxpayer funds annually**
- Executed SAS-to-SPSS Modeler codebase migration, modernizing fraud detection infrastructure inside an active federal production environment

UNITED STATES POSTAL SERVICE (USPS) Domestic Mail Analytics Team

- Led backend analytics architecture for a strategic incentive program generating **\$50M+ in annual USPS revenue**
- Designed SAS automation framework scaling report generation **from 12 to 200–300 reports per hour — a verified 20x throughput gain**

TARGET AGENCIES & MISSION AREAS

- **HHS / CMS:** Medicare & Medicaid program integrity, fraud prevention systems, claims data analytics
- **USPS / DOT:** Operational analytics, revenue optimization, logistics performance reporting
- **DHS:** Data pipeline modernization, anomaly detection, mission analytics support
- **VA:** Health data analytics, program reporting automation, veteran services intelligence
- **GSA / DOD:** IT modernization, ETL engineering, executive dashboard development

EDUCATION & CREDENTIALS

- **B.S. Mathematics, Minor in Applied Statistics & Data Analysis** — Kennesaw State University
- **Certificate:** Data Analysis Using SAS
- **Former IBM Senior Consultant** — Federal Civilian Practice (8+ years)

KEY DIFFERENTIATORS

- **Vetted Agency Fluency**
Immediate operational capacity within CMS and USPS data ecosystems; deep familiarity with Medicare fraud models, CMS FPS architecture, and the federal SDLC.
- **Dual-Discipline Technical Delivery**
Cross-functional capability to engineer secure backend ETL pipelines (Python / SQL / SAS) and design frontend executive reporting interfaces within a single engagement.
- **Federal Program Integrity & Domain Expertise**
Specialized background in Medicare/Medicaid data structures, CMS FPS production architecture, and federal health program analytics.
- **Immediate Task Order Readiness**
Active SBA EDWOSB certification enables streamlined integration into prime contractor teaming agreements for current fiscal year-end requirements.

TECHNICAL ENVIRONMENTS

- SAS Enterprise Guide
- Python
- Swift / iOS (Xcode)
- Full-Stack Web Dev
- SPSS Modeler
- SQL
- Git / Version Control
- ETL / Data Pipelines

COMPANY DATA

ENTITY	Huntley McClung Holdings LLC
UEI	L34VBEEBBL27
CAGE CODE	15D64
STATE OF INC.	Florida LLC · Est. 2025
CERTIFICATIONS	EDWOSB · WOSB (SBA, eff. 05/26/2026)
BUSINESS TYPE	Woman-Owned · Minority-Owned
TEAMING / SUB	Actively Accepting
PERFORMANCE AREA	Nationwide — Remote Delivery

PRIMARY NAICS CODES

- 541511 ★ Custom Computer Programming Services
- 541512 Computer Systems Design Services
- 541519 Other Computer Related Services
- 541690 Other Scientific & Technical Consulting
- 541715 R&D — Physical, Engineering & Life Sciences
- 518210 Data Processing & Hosting Services

ACCEPTING SUBCONTRACTING & TEAMING AGREEMENTS

Available for immediate engagement — Q4 FY2026 data modernization and analytics initiatives
